## BIG AMBITIONS START WITH SMALL STEPS

**Get an inside look at what it's like to turn your passion for justice into a career, as you deep dive into the roles of a barrister, lawyer, and paralegal.**

By the end of this course, you'll have a deeper understanding of the career opportunities within the field of law. You'll explore various pathways into these careers and discover effective strategies for preparing for them. Throughout this course, you'll use the following skills: reading, critical thinking, listening, writing, digital literacy, creativity, and independence.

**Suitable for students in Y7-13**

**Discover how finance powers business success as you explore the roles of a finance manager and financial accountant.**

On completion of this course, you should have a clearer understanding of careers in finance and entrepreneurship, including the roles of a finance manager and financial accountant, and how to take your first steps. You'll use skills like problem solving, critical thinking, digital literacy, research, decision making, and independence.

**Suitable for students in Y7-13**

**Explore the world of recruitment by investigating the range of clinical and non-clinical roles the NHS offers, from doctors and nurses to administrative staff and researchers.**

As part of this online virtual work experience, you will:

- Explore NHS roles to discover careers matched to your skills and interests.
- Learn how core values are important for all NHS roles.
- Get hands-on experience designing recruitment materials, like a job description and social media advert.
- Gain insights into how recruitment works, so you're better prepared when you apply for a job.

**Suitable for students in Y10-13**
